PROFESSIONAL SUMMARY

Motivated BSc (Hons) in IT undergraduate at SLIIT with a solid foundation in **Full-Stack Development, Java Enterprise Applications, and Android Mobile Development.** Proven experience in architecting scalable solutions using the **MERN stack, Java EE, and Kotlin.** Passionate about building efficient, industry-grade software and collaborating within agile teams to solve complex technical challenges.

TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript (ES6+), PHP, SQL, HTML5, CSS3.
- **Web Frameworks:** React.js, Next.js, Node.js (Express), JSP/Servlets, Tailwind CSS.
- **Mobile & Enterprise:** Kotlin (Android Studio), Spring Boot (Basics), Java Swing.
- **Databases:** MongoDB, MySQL.
- **Tools & Platforms:** Git/GitHub, VS Code, NetBeans, Eclipse, Tomcat 9.
- **Data Analytics:** Microsoft Excel (Advanced), Pandas (Basics), Data Visualization.

PROJECTS

GowiGo – Agri Tech Mobile Platform | React Native & Node.js

- Developing a comprehensive mobile application for the agricultural sector to bridge the gap between farmers and buyers.
- Implementing real-time data handling and a modern UI to enhance accessibility for rural users.

MediCura Medical Center Management System | MERN Stack * Developed a robust **Billing & Payment Module** ensuring accurate financial tracking and automated invoice generation.

- Engineered a Billing module and **integrated PayHere Payment Gateway** for secure, automated online transactions.
- Implemented **PDF/Excel export functionality** for financial reports, improving administrative efficiency.

- Designed secure MongoDB schemas to manage complex data relations between payments and inventory.

MindEase Mobile Application | Kotlin & Android Studio * Architected a mental health platform with **15+ interactive screens** using modern UI/UX principles (60-30-10 rule).

- Integrated a **Neumorphic 3D design** and smooth navigation components to enhance user engagement.

Reina Fashion Store | Java EE & MySQL * Engineered a full-cycle **E-commerce platform** with an administrative dashboard for real-time inventory control.

- Developed a secure cart system and integrated PDF billing services using Java Servlets and JSP.

Employee Management System | Java Swing & MySQL * Built a desktop application featuring **Role-Based Access Control (RBAC)** and CRUD operations.

- Integrated **Internationalization (i18n)** support for English and Sinhala, making the system accessible to a wider user base.

EDUCATION

- **BSc (Hons) in Information Technology** *Sri Lanka Institute of Information Technology (SLIIT)* | 2023 – Present (3rd Year, 1st Sem)
- **Diploma in English** *Britishway English Academy*
- **G.C.E. Advanced Level (Physical Science)** *Combined Maths, Physics, Chemistry*
- **G.C.E. Ordinary Level** *4A, 4B, 1C (Including Mathematics, Science, and ICT)*

CERTIFICATIONS

- **Web Development & Front-End Development** – University of Moratuwa
- **Python Programming** – University of Moratuwa
- **Java Programming** – SLIIT & Alison Online
- **AI & Machine Learning (Stage I & II)** – SLIIT

ACHIEVEMENTS & LEADERSHIP

- **School Prefect:** Demonstrated leadership and responsibility in managing student affairs.
- **Karate Diploma:** Completed professional training, showcasing discipline and perseverance.
- **Athletics:** Active participation in school sports meets.
